

## Strategy Tool: Student Interest Survey

Use this tool to help plan for using interest surveys in your classroom.

**What do you want to learn about your students that you do not know already? List 3-5 specific questions that you would like answered on the interest survey.**

**What survey will you use? Will you create your own or use one that has already been created?**

**How will you use the information that you gather from the interest surveys?**

**When will you assign the survey?**

**When will you review the survey responses and how will you use what you have learned? List 3-5 specific ways that you will use the information.**
